Gorochu: Developer Translations and the 2019 Leak

Developer quotes, translations, and a leak

Written by Dr Lava, November 15 2019

“Its name was Gorochu. It had fangs and horns and looked like a god of thunder.” That’s how Atsuko Nishida — creator of the Pikachu family — first revealed an evolved form of Raichu had been cut from the first generation of Pokemon games.

That bombshell was dropped in an early 2018 interview with Japanese newspaper Yomiuri. In the year and half since, more information has come to light about Pikachu’s scrapped final evolution. So in this article, we’ll be taking an exhaustive look at everything there is know about Gorochu. Its Japanese name meaning, some developer quotes, a Gen 1 prototype leak… everything.
